Your own webshop with local support

Wrenio Commerce through ICT Mates

Sell online with your own brand, manage your products and orders, and have a local team in Lahore to turn to. A managed webshop for Pakistani businesses with up to 1,000 products.

PKR 3,000 / month

Or PKR 30,000 / year — save PKR 6,000 over 12 monthly payments.

Why choose Wrenio through ICT Mates

One subscription. Your dedicated webshop, hosting, support and product/order admin panel together.

Local help and rupee pricing. Talk to ICT Mates in Pakistan and budget in PKR, without managing a USD platform subscription.

Your shop and your brand. Use your own domain and sell through your dedicated webshop with no marketplace sales commission.

Compare the starting costs

Option	Annual starting cost	What to budget for
Wrenio through ICT Mates	PKR 30,000	Webshop, hosting and local support included. Up to 1,000 products.
Shopify Basic	USD 228 ≈ PKR 63,840*	Hosting included. Optional apps, premium themes and foreign payment costs can add more.
WooCommerce	Free core software Hosting example: PKR 5,490/year	Domain, optional paid plugins and someone to handle updates, security and backups.

WooCommerce can cost less if you build and maintain it yourself. Wrenio is for owners who want the webshop and local support in one managed package.

*Shopify annual billing; PKR 280/USD is an illustrative rate. Prices checked 19 October 2026. Comparisons exclude domains, taxes and payment/delivery charges. Hosting alone is not a complete managed WooCommerce service.

Wrenio domain registration: PKR 4,200 for two years, or bring your own. Payment-provider, delivery and other third-party charges are separate. Migration and custom work are quoted separately.
